COLDWELL BANKER | ISLAND ESCAPES

NEW TENANT

Utilities & services

WHAT TO START BEFORE YOU MOVE IN

8314 Serenity Ct

Corpus Christi, TX 78414

ESI ID

1003-2789-4349-151-05

Meter ID for this address. Not an account number.

Put electricity and city utilities in your name a few business days before your lease starts. Most providers will ask for a copy of the lease.

ELECTRICITY

Compare plans at **powertochoose.org**. Give the provider the ESI ID above. It stays with this meter when tenants change.

Start service a few business days before the lease begins, and have the lease ready. Corpus Christi delivery is through AEP Texas.

WATER, TRASH & RECYCLING

The city Utility Billing Office starts water, wastewater, trash, recycling, and stormwater together. Trash is not a separate account.

Start service online or call 311. From outside Corpus Christi, call **(361) 826-2489**. Bring a lease signed by you and the owner, with this address and the start date.

NATURAL GAS

This home is listed with electric heat. Check for a gas meter before you order gas. If there is one, the city Utility Billing Office starts that service too.

INTERNET & CABLE

Choose your own provider. Schedule installation before move-in if you want service on day one. The lease does not assign a company.

MAIL

Southside Post Office

6742 Weber Rd, Corpus Christi, TX 78413

USPS tells you where to collect mail and often issues keys for a community box.

Property management does not have those keys. Forward mail at **usps.com/move** and bring your lease.

ALSO FOR THIS HOME

- Yard care is your responsibility.
- Bring a refrigerator, washer, and dryer. They are not provided.

Renters insurance is highly encouraged. Confirm any minimum with your lease.
